## STOMACHS ON STILTS.

The man who puts on stilts does not increase his actual stature. He only feels taller. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It contains no alcohol or whisky. It cures the weak, foul stomach with its attendant bad smelling breath, coated tongue, bad taste, poor appetite and kindred symptoms.

"In the year 1899 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good," writes Mr. G. Trent, of Gordonville, Texas. "I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a good deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the 'Golden Medical Discovery' I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick."

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

## ANOTHER WONDER OF SCIENCE.

**Biology has Proved that Dandruff is Caused by a Germ.**

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## PEACE REMOTE AS EVER.

The renewed peace talk resulting from the visits of Ambassador Cassini and Minister Takahira at the State Department in Washington, and the conferences of Ambassador Durand and Mr. Spring-Rice, first secretary of the British Embassy at St. Petersburg, with President Roosevelt on Sunday, finds not the slightest echo in official and diplomatic circles at St. Petersburg, where Emperor Nicholas' oft-repeated declaration that the war must be carried to a satisfactory conclusion remains the keynote of the situation.

The present current of press and public opinion in Russia appears to be setting toward peace. The newspapers no longer proclaim the necessity of continuance of the war at all costs. Articles appearing in the Russ and the Novoe Vremya bearing the signatures of well-known war correspondents who have just returned from Manchuria criticize the conduct of operations there in unmeasured terms, while these papers editorially declare that hopes of victory are remote. The Novoe Vremya blunty remarks:

"We go on buying evening editions hoping to hear news of a Russian success, but little or nothing is done to assure it."

The war never has been, in the fullest sense of the word, popular. The present distress and discontent of the working class and the general desire for reform evinced by the upper class may develop a strong peace movement with which the government may have to reckon; but, on the other hand, it is generally admitted that if peace should be concluded under disadvantageous conditions it would materially strengthen the enemies of the present government, which will not fail to keep this fact in sight, and hope that some means can be found of reaching an adjustment satisfactory to Russia and Japan. This places special importance on the mission entrusted to M. Admabasza, director of the committee on the far East, who is believed to have gone thither in order to report to the Emperor the possibility of reaching a compromise with Japan without material prejudice to Russia's interests.

### Frigid Weather in the South.

With a blizzard raging in north and east Texas and rain and sleet falling in many district in southern Texas, Louisiana, Mississippi and Tennessee, weather conditions last night were decidedly worse than at any time since the present storm began. A blizzard has been sweeping over the cattle range of western Texas for two days and last night showed no signs of abatement. Thousands of cattle are reported to be suffering and in many cases totally deprived of water.

Telegraphic communication is demoralized in all sections of the southwest and the cities of Shreveport, Baton Rouge and Crowley, in western Louisiana, are completely cut off from wire connection of any kind. Rain is falling in New Orleans, Mobile and Montgomery, accompanied by falling temperature.

The State of Arkansas was last night in the grasp of one of the worst sleet storms in its history.

In west Tennessee and Mississippi the temperature has been about stationary during the last 24 hours, ranging in various localities from 16 to 27 degrees above zero. The wires of the telegraph and telephone companies remain in a state of demoralization, and telegrams and news dispatches are received subject to indefinite delay.

Reports from Waco and Southern Texas state that the temperature is slowly rising. Rains have set in, and it is feared the precipitation will be followed by a freeze.

The city of Natchez, Miss., has been without wire communication since Saturday.

### Will Demand Open Door.

In view of the revival of reports from European capitals to the effect that there has been a renewal of efforts on the part of the powers to find some basis for intervention in the interests of peace in the far East, inquiry has been made in Washington in official circles to ascertain the position of this government respecting such a movement. The State Department has made no overtures recently to either of the interested powers nor does it know officially of any such movement in Europe. The position of of this government has not changed in any respect, and it would welcome a settlement of the present disastrous conflict either by means of direct negotiations between the belligerent powers or through the medium of an international conference. But no matter which course is followed in arranging the terms of peace, the one point upon which the United States government will insist is that both Russia and Japan shall, in the settlement, live up the terms of the undertaking to which both of them have subscribed, that the integrity of China shall be respected and the equal right of all powers in China recognized, including distinctly "the open door."

### A Touching Story

is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At E. S. Leadbeater & Sons' drug store; 50c and $1.00 guaranteed. Trial bottle free.

**There is one rational way** to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflammed tissue to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, FEB. 8, 1905.

AFTER remaining silent on the subject several weeks, Samuel Gompers, president of the American Federation of Labor, has decided to reply to the attack made on him by a socialist delegate at a meeting of the Central Federated Union inspired by the dinner of the Civic Federation in New York which Mr. Gompers attended. At the Central Federated Union meeting referred to the socialist delegate criticised Mr. Gompers for attending the dinner, charging him with mingling with "the enemies of organized labor," smoking non-union cigars and eating non-union bread, and wound up with a denunciation of Gompers, in which other socialists joined. Mr. Gompers, in a statement issued Saturday charges the socialists with being the persistent enemies of organized labor, and says he was induced to reply that others might not be deceived by the socialist attacks. He says that, in accordance with his custom on such occasions, he did not partake of the dinner or do any of the other things attributed to him. The Civic Federation, he says is composed of representatives of capital, labor and the general public, and does not call on any man to surrender his convictions. It has, however, been the means of bringing about conferences between employers and employes in labor troubles which otherwise would have been impossible. Of the socialists he says:

But the socialists, who take every opportunity to decry the trades union movement and declare that strikes are futile to protect or promote the interests of the working people attack the trades unionists when the effort is made by them to avoid a strike or bring one to an honorable and advantageous close.

THAT socialism begets anarchism is plain to all students of history and for this reason, if for no other, the Gazette has for years warned its readers against adopting the theories or issues of the socialist leaders, or indeed having any political communication with them whatever. Anarchy is abhorent not only to those who profess and call themselves Christians, but rightfully should be to all conservative and well meaning people, for should it triumph, a condition bordering on that of hell would reign upon earth. This is clearly shown by the manifesto issued by the anarchists in Paris a few days ago and posted on the Bourse, on the labor exchange and on the walls in all quarters of that city calling on the anarchists to stand by their colors. The manifesto read:

Comrades: We have work to do as well as the Russians in pitilessly destroying governments, nations and castes. We rise against all authority, police, armies, morals, laws and codes. Down with God; down with the State; down with society; down with rulers. Thanks to the efforts of comrades, anarchy is born from corpses. Tomorrow's insurrection will proclaim individual liberty. Progress marches.

SENATOR REED SMOOT, of Utah, will continue to occupy his seat in the Senate without interference from his colleagues until the end of the present session at least. This has been decided by the committee on privileges and elections, which has come to the conclusion that the Senate is going to be too busy from now to the 4th of March with other matters to undertake to deal with the case of Senator Smoot. The committee has not yet formulated its report on the case and there is nothing to indicate clearly what view it will take of the matter, although there is an impression that it will find that Smoot is entitled to retain his seat. The report will be written and presented to the Senate just before the close of the session and will thus go over to the next Congress for consideration. Mr. Smoot is a republican and controls the vote of Utah.

A CARRIAGE which belonged to John Sherman, and which during the greater portion of his public life in Washington carried most of the Presidents for half a century, as well as princes, potentates and other persons visiting this country, is doing duty as a hack in Ashland, Ohio. Some of the hacks in this city look as though they might have been in use when Gen. Lafayette visited this city in 1824.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Feb. 8.

Comptroller of the Currency Ridgely has put into effect a new rule which is believed to be indirectly the outgrowth of the Chadwick case. For the purpose of safeguarding more carefully the interests of depositors and other creditors of national banks, it has been decided that hereafter matters called to the attention of the Comptroller affecting a particular bank shall be submitted to and acted upon by the entire directory of that bank, instead of by one or two individual officers of the bank as has been the practice in many instances. For example, heretofore when a national bank examiner has reported that a bank has loaned more than the permitted ten per cent of its capital to one individual, frequently the president or cashier only of the bank has taken the matter up and acted upon it. Hereafter, in such cases, the Board of Directors of the bank will be informed of the dereliction and will be expected by the Comptroller to take steps as a body to remedy it.

In the continuation of the argument of the anthracite cases before the Interstate Commerce Commission this morning, Clarence J. Shearn, counsel for Mr Hearst, pointed out that contrary to other railroad pools, the anthracite combination had for its purpose not maintenance of rates, but a division of the coal selling business and consequent maintenance of selling prices. After citing authorities, he declared that "any combination between these six railroads, either one intending by concert of action to make or control changes in market rates, or one where there is a division of freight between them in the source of which they have a common interest is a violation of the law."

The State Department was informed by cable this morning from Santo Domingo that the amended protocol providing for United States control of customs of that country has been signed.

The President has refused to intercede in the case of Augustus Shafer, the convicted wife murderer of this city. Shafer will be hanged Friday.

The State Department is informed through Minister Barrett at Panama that out of the 4,500 men employed by the United States along the canal route, only 130, or about 3 per cent, are on the sick list.

The American National Red Cross held its first meeting today at the State Department, for the purpose of reorganizing. Secretary Taft called the meeting to order and General John M. Foster, former Secretary of State was elected temporary chairman. The following officers were elected: President, Secretary Taft; Treasurer, C. H. Keep, and Secretary, Chas. L. McGee.

There were continuous conferences on the subject of statehood in Speaker Cannon's private office today. The republicans of the House are outspokenly dissatisfied with the measure that passed the Senate, leaders among them such as Payne, Dalzell and Grosvenor, declaring emphatically their opposition to the admission of New Mexico as a sovereign State. The democrats are ready to support the bill as passed by the Senate, with the aid of 18 republicans if they can have their way.

There was an echo of yesterday's vote on the statehood bill in the Senate today. Senator Kearns, of Utah, arose to a question of personal privilege. He said: "In the first vote on the amendment by Senator Bard, last evening, admitting New Mexico as a State, I voted 'nay' in a distinct manner. It appears the clerks misunderstood me and I was numbered among those favoring the amendment. * * My word had been given the maners of the bill that I would support their measure and I would not have played them false for the whole Territory of Arizona." He desired that the Record be corrected, so far as it related to his vote upon the Bard amendment. Several Senators stated that they had heard Mr Kearns vote "no," but others averred that they distinctly heard him vote "aye," and this ended the incident.

A second echo of the statehood bill fight was heard in the Senate today. Mr. Bacon declared that the bill which had passed yesterday had been improperly framed by the clerks for transmission to the House. It contained the Kearne amendment providing for the annexation to Utah of a strip of territory belonging to Arizona. He contended that the amendment had been excluded from the bill when the Senate adopted his amendment striking out all those sections relating to Arizona and New Mexico.

Ten-year-old whisky and fifteen-year-old moonshine whisky which consisted of diluted raw spirits colored with burnt sugar, according to the assistant attorney general for the Postoffice Department, was the basis of a fraud order issued today by the Postmaster General against the Kentucky Distributing Company, of Covington, Ky. Crigler & Crigler, of that city, are alleged to have advertised four quarts of the ten-year-old variety, and one quart of "Jed Wainwright's Moonshine" for the sum of $2.80. As a particular inducement they also advertised that the moonshine had been discovered in a Kentucky mountain cave, where it had been abandoned by its distiller, the discovery having been made by the sharp nose of a Cincinnati hunter's dog, which, in tracking a catamount, stumbled into the cave and returned with his coat smelling of fifteen-year-old moonshine. A newspaper clipping telling of the discovery was also furnished with the advertisement. The "distributors" are said to have confessed this story was untrue.

### TROUBLES IN RUSSIA.

The assasination of the Procurator General of Finland and the daily records of strike and bloodshed to Russian Poland, together with the increasing unpopularity of the war in the far East with the Russian people, are proving to the Czar and his counselors that the suppression of strikes in Poland is only fanning instead of snuffing out the spreading flame of revolution and terrorism.

It is reported that Emperor Nicholas recently found in his study a letter threatening him with assassination. The Czar, however, continues to place himself and the entire court under the protection of the officials, notably Governor General Trepoff, who are most hated by the officials. Trepoff, it is said, will be made minister of the interior or receive appointment to the specially created post of minister of police. It is known that Trepoff is among those marked by the terrorists. His fearlessness inspires the Czar's faith in him.

At Ladom, in Russian Poland, 20 workmen were killed yesterday, and at Skarzysko the roll of victims of the strike orders was 24 killed and 40 wounded.

The strikers are becoming more aggressive at Lodz, and at Warsaw several men were killed by strikers in bakeries where attempts were made to resume work.

Father Gopon, leader of the workmen of St. Petersburg, is now known to be in Switzerland.

### TWO STATES.

After a continuous siting of almost nine hours the Senate, at 8:45 o'clock last night, passed the joint statehood bill. As passed, the bill provides for the admission of two new states. One will comprise Oklahoma, to be composed of Oklahoma and Indian Territory; the other New Mexico, according to the present boundaries, with Arizona eliminated.

An amendment was proposed by Mr. Kearns, providing that all that portion of Arizona lying north of the Colorado river shall be annexed to Utah. The ayes and nays were ordered and the amendment was accepted, 38 to 33.

New Mexico has an area of 122,580 square miles. It is as large as Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York and New Jersey. It has a population of 195,350.

Oklahoma has an area of 39,030 and Indian Territory 31,400, making a State of 70,430 square miles. It is as large as New York, New Jersey, Connecticut and Massachusetts combined. Oklahoma has a population of 398,331 and Indian Territory of 392,160. This gives a total of 790,491.

## News of the Day.

Father Gopon, the leader of the workmen of St. Petersburg in the affair of January 22, is now known to be in Switzerland.

Republicans in the Missouri Legislature tried to hold a caucus yesterday to select a compromise candidate for Senator, but the Kerens men refused to enter a caucus.

Mrs. Alice Webb Duke was discharged from custody when arraigned in New York police court yesterday after having been held a prisoner at the request of the authorities of Nacogdoches county, Texas who had notified the local authorities that they had an indictment against her. An assistant district attorney told the court that the Texas authorities did not insist that Mrs. Duke be held for extradition.

The United Fruit Company's steamship Admiral Sampson, Captain Higgins, from Port Antonio for Philadelphia, which was carried ashore by the ice Monday on the lower end of Pea Patch Island, is still hard aground. Her passengers, 18 in number, were taken off yesterday and brought to Philadelphia by train. They were rowed from the stranded vessel in small boats to the tug Juno, which was unable to approach the Admiral Sampson nearer than a quarter of a mile. The passengers were landed at Delaware City, and thence came to Philadelphia. The Admiral Sampson lies almost high and dry at low water. Thirty thousand bunches of bananas were thrown overboard in an effort to lighten the vessel, but all efforts to float her were futile.

August W. Machen and the Groff brothers left Washington with a party of eleven other convicts for the Moundsville, W. Va., penitentiary shortly after 6 o'clock last night to serve a sentence of two years' imprisonment. The three prisoners, who had surrendered to the United States marshal early in the day, spent part of the afternoon in the jail in Washington, and were taken from there to the B. & O. Railroad depot in a carriage, accompanied by a guard. The men were placed in a special car, which was attached to the regular night train for the West. All three were handcuffed. Machen occupied a seat in the car alone, while the Groff brothers were linked together by their handcuffs. Machen, Diller and the Droffs occupy cells in the penitentiary. They arrived at Moundsville at 6 a. m., in a heavy fog and walked to the prison with their guard. There they were examined, recorded, photographed, bathed, and clipped. The warden has not yet decided just what he will give the three prisoners to do.

The feature of the debate in the House yesterday on the freight rate bill was the speech of Mr. McCall, of Massachusetts, who, in opposing the proposed legislation, declared that it was not to be imagined that the Supreme Court would stand between the government and its victim, following that utterance up with the statement that the courts usually reflected the policy of the party in power. The views of the speakers as to legislation needed were many and varied, but with the exception of Mr. McCall and Mr. Sibley, of Pennsylvania, all were agreed that the time had arrived for the granting of relief. The names of William J. Bryan and President Roosevelt figured prominently in the discussion, the allegation being made from the democratic side of the chamber that the President in his recent message to Congress on the subject of rate legislation only reiterated the views of Mr. Bryan and the declaration of the democratic party in three national platforms.

### MARINE DISASTER AND LOSS OF LIFE.

During a raging gale and snowstorm, which has swept the Nova Scotia coast for the past 24 hours, the ocean steamer Damara, of the Furness Line, ran on the rocks at Musquodoboit, 30 miles east of Halifax, early yesterday and is believed to have foundered with the loss of many lives.

The first officer of the ship, with 18 of her crew, escaped in one of the life boats and landed at Pleasant Point after a terrible struggle with wind and sea. Captain Gorst, master of the Damara; four passengers and the rest of the steamer's crew left the vessel in another lifeboat. They have not been heard of since, and it is feared that they have perished. The occupants of the boat which reached shore were utterly exhausted and many of them were badly frostbitten. They had a harrowing experience, battling in the darkness for hours in the open boat against tempestuous seas on a treacherous coast, with the thermometer 10 degrees below zero and an arctic blizzard raging.

They landed on shore sometime during the day and reached the telegraph office at Muequodoboit Harbor yesterday evening, whence they wired the first news of the disaster to the agents of the Furness Line at Halifax, to which port the Damara was bound.

The survivors say that the steamer struck about 2 o'clock yesterday morning, when the blizzard was so thick that it was impossible to see a ship's length ahead, on what proved to be Musquodoboit ledge, five miles from the mainland.

An immense hole, through which the sea poured in torrents, was smashed in the bow of the steamer. The shock of the impact awakened everyone on board, and huge breakers swept the vessel fore and aft. Lifeboats immediately were ordered over the side, and all hands left the ship.

It is believed that the steamer must have foundered quickly, and small hope is entertained by the survivors of the wreck that the captain and other occupants of the missing lifeboat could have successfully withstood the extreme rigor of the weather prevailing on that coast for the many hours which have passed.

The wind last night was off shore, and if the missing boat has not already swamped, it has been driven seaward many miles and is now probably adrift on the Atlantic in the worst weather of the season.

The Damara left Liverpool on January 24 for Halifax, by way of St. Johns, N. F., and last St. Johns for Halifax last Saturday.

Halifax, N. S. Feb. 8.—The boat containing Captain Gorst, ten passengers and members of the crew of steamship Damora, which put off from the vessel after she struck on the rocks at Musquodobe, thirty miles to the eastward of this place, yesterday, has not yet been heard from.

## Virginia News.

George W. Bromley, one of Frederick county's wealthiest and most prominent farmers, died Monday night after a severe illness of paralysis, aged 77 years.

John F. Bland, a prominent citizen of Spottsylvania county, died Monday night at his home, Eastern View, aged 50 years. He is survived by a widow and 10 children.

For the purpose of organizing a State association for the protection of game, a meeting of prominent sportsmen has been called to assemble in Richmond on Wednesday, February 15.

At the annual meeting of stockholders of the Southern Railway Supply Company held in Richmond Monday afternoon all the officers of the concern were re-elected for the ensuing year.

A committee of five was appointed in Richmond yesterday evening to raise $4,000 for an educational campaign in Virginia during May, to consist of meetings in various portions of the State.

Fire occurred in Fairmont High School, at Richmond, yesterday, but the pupils marched out by use of the fire drill without excitement or confusion. The fire started in the basement, but was extinguished by the firemen before it did much damage.

J. D. Crouch, 60 years old, who has a wife and two grown daughters and two smaller children, was yesterday sent to the Fincastle jail, in Botetourt county, on the charge of attempted assault on the 10-year-old daughter of George W. Layman, a prominent citizen of that county.

### VIRGINIA REPUBLICANS.

The Washington correspondent of the Richmond News Leader says:

According to Representative Slemp there is a probability that Park Agnew will be nominated by the next republican State convention for State treasurer on the gubernatorial ticket.

It will be recalled that under the new constitution the office of State treasurer is made an elective one, and in the next campaign the people will vote for treasurer.

Mention of the fact that plans are making for such a nomination was made incidentally in the course of a conversation the News Leader correspondent had with Colonel Slemp yesterday. Something was said about the ousting of the present postmasters at Upperville and The Plains.

Colonel Slemp said: "I ust heard the Postmaster-general say this morning that there should be new postmasters appointed at these places, and it will be done in a few days. I do not recall the names of the incumbents of the offices, but the matter will be looked into in the next fortnight, and we will appoint Christains to their places; now tell them that I say we would appoint 'Christains.'"

It is to be explained that to Colonel Slemp every Slemp republican is a "Christian," while everybody else is a "sinner."

"I suppose, then, that the incumbents are 'Agnew republicans,'" queried the interviewer.

"Oh, go 'long," was the reply, "why have you not found out yet that there are no 'Agnew republicans' in Virginia? Agnew is a good fellow personally, and we are going to nominate him for something on our State ticket. What place will it be? Well, it may be for governor yet, but it is most likely that it be for treasurer. Agnew is popular throughout the State, and it is his fault that he let the party go to rack in Virginia. He will made a strong run for whatever place he is nominated."

"How about Judge Lewis's declaration that he would not accept the nomination for governor?" he was next asked.

"Dont' you lose any sleep on that, my boy; we will hear from Judge Lewis again before the republicans let him off if they want to nominate him," replied Colonel Slemp.

The fact that Colonel Slemp is now passing out nice things about Mr. Agnew is probably due to his having awakened to the necessity of having such men as Mr. Agnew in line, if he wants to come within hailing distance of making good his pledge to the President to deliver the State in the next campaign.

He has found that it is one thing to promise a State and another thing to deliver it, and he is doubtless trying to make peace with all his enemies that he may come somewhere near "making good." Whether the Agnew people will be soothed down by such tactics is not known, but it is known that it will be very unlike them to do so.

Speaking of Colonel Slemp and patronage, a prominent United States Senator yesterday related to the News Leader man a part of a conversation he heard between the President and Representative Sherman, of New York, which throws an interesting side light on the situation in Virginia.

Mr. Sherman, it seems, had called at the White House in the interest of a certain Virginia federal office-holder. He said to the President that he ought to consider the fitness of applicants himself, and ought to appoint them on opinions of his own.

To this statenent the President is quoted as replying that, as a rule, he had recognized these patronage committees, and that he purposed to take their recommendations, that it was impossible for him to take up the cases himself or to have an opinion of his own on these subjects. He said further that there were some men in Virginia, only a few, whom he proposed to recognize in his own way, and that in these instances he would ask the patronage committee to withdraw their recommendations, so that he could make his own appointments, but aside from those exceptional cases he proposed to abide by the decisions of the patronage committees.

It is said that one or two more appointments will complete the list of personal appointments the President desires to make, and that the remainder of Virginia patronage will be dispensed by the patronage committees.

## Today's Telegraphic News

### PLEAS FOR McCUE.

[Special dispatch to the Alexandria Gazette.]

Richmond, Feb. 8.—Senator Machen had a long conference with the Governor today, and while the nature of the interview was not learned, it is believe the McCue case was the subject of discussion. Mr. Machen says people in his section favor a commutation of the sentence. The Governor is swamped with letters, mostly from Baltimore and northern Virginia, asking executive clemency. Thirty-five came from Baltimore today.

### President Roosevelt.

Washington, Feb. 8.—Today, at a joint session of the Senate and House, in the hall of the latter, Theodore Roosevelt was formally declared to have been elected President of the United States. This announcement was preceded by the opening and counting of the votes of the electoral college. The certificates from the Secretaries of State of the 45 States, detailing the votes of the electors in their respective States, had all been received and deposited in two large mahogany boxes which were in the custody of the President pro tem. of the Senate. Promptly at one o'clock today the Senate in a body, preceded by a detachment of the Capitol police escorting the bearers of the boxes, marched into the hall of the House and took seats in the front rows. President pro tem. Frye, the presiding officer of the joint session, mounted the rostrum and seated himself at the right of Speaker Cannon. Calling the session to order, Mr. Frye opened the ceremonies by unlocking the boxes. In alphabetical order he then broke the seals on the certificates from the various States and handed the enclosed documents to the tellers who had already been appointed by special resolution. They were Senators Burrows and Bailey and Representatives Gaines and Russell. Mr. Burrows read in full the certificate from Alabama, but thereafter only the totals from the other States. The other tellers checked up the votes as they were announced. When Maryland was reached the only split vote was announced, that State casting seven votes for Parker and one for Roosevelt, the republican vote being that of Elector Charles J. Bonaparte. When the list was finished they handed the result to the presiding officer. Mr. Frye then declared that whereas the whole number of electoral votes is 476, of which 239 is a majority, and that Theodore Roosevelt, of New York, had received 336 votes and Alton B. Parker, of New York, had received 140 votes, President Roosevelt is elected President of the United States for the term beginning March 4, 1905. Similar announcement was made of the vote for Vice President, after which the Senate retired to its own chamber.

The ceremonious event took place in the presence of a concourse of distinguished men. The galleries were filled to suffocation. The galleries set apart for guests of the White House family and of the diplomatic corps, usually empty, were crowded as rarely before. The boxes, after the counting of the ballots, became the property of Senator Frye, President pro tempore of the Senate. It was the long established custom to give the boxes to the presiding officer of the Senate, and this is the second set in the possession of Senator Frye, as he was presiding officer when the electoral vote was counted four years ago.

### Reform in Russia.

St. Petersburg, Feb. 8.—The official announcement was made today of the appointment of M. Kubeku, director of the Imperial Library, as president of a consultative commission for the revision of the laws governing the censorship of the press. The commission includes three Senators, the assistant minister of instruction, six representatives of the Academy of Science and four editors. The appointment of this commission is an act which has immense possibilities in the way of Russian progress. One of the greatest enemies to the advancement of the lower classes has been their inability to obtain through their medium of information, the press, news of what was being done in the higher classes of the empire. There has been an iron bound censorship on all news printed in Russian papers, and this censorship has precluded the publication of anything which would be for the marked benefit of the working and middle classes. Now and then an editor, more daring than his fellows, would publish an item giving an insight into special mismanagement. Such an edition, however, generally proved the last of that paper. The sincerity of the government in this new step appears to be confirmed by the personnel of the commission, which will consider the improvements noted. With four editors on the commission there is every likelihood that the Russian press of the future will be an entirely different institution than that of the past. Then, too, this step seems to presage the adoption of other and perhaps even more important reforms by the government.

### Will Defy King Leopold.

Brussels, Feb. 8.—King Leopold is greatly disturbed over the attachment of his youngest daughter, the Princess Clementine, for Prince Victor Napoleon, the pretender to the French throne. His majesty fears the Prince and his daughter will elope. The Princess is now living in the Riviera, but it is understood no communication has passed between her and her father since they quarrelled some time ago regarding the Princess's attachment. King Leopold has sent Count Doultremont, the Grand Marshal of the Belgian court, to see Princess Victor and find if the report that Victor intended to espouse Clementine without her father's consent was correct. Replying to a question to this effect Prince Victor said: "That is certainly correct." "In that case," said the Marshal, "you will be expelled from the country." "Try it," replied Prince Victor. "The whole Belgian nation will join us against the King."

### The Weather.

Washington, D. C., Feb. 8.—Another period of general rain, sleet, and snow has set in, the second within a week. The area of precipitation this morning cover practically the whole of the Mississippi valley, the lower Ohio valley, the south Atlantic and Gulf states, and the greater portion of the eastern slope of the Rocky mountains. For tonight and Thursday snow is indicated in the middle Atlantic states and lower lake region, turning into rain, with higher temperatures Thursday. Rain is indicated for the east Gulf and south Atlantic tates, with colder weather by Friday.

### Gaynor and Greene.

London, Feb. 8.—A decision favorable to the United States was rendered today by the privy council in the Greene and Gaynor case. Greene and Gaynor, who are indicted in company with Captain Oberlin Carter in connection with the Savannah harbor frauds, escaped to Canada, where they took refuge. Despite the strenuous efforts of the American government their arrest has been impossible. The decision handed down this morning means that the men under indictment can be taken to the United States under arrest. The verdict in favor of extradition was unanimous. The Lord Chancellor wrote the decision.

New York, Feb. 8.—John F. Gaynor and Benjamin D. Greene were indicted on December 8, 1899 charged with Captain Overlin M. Carter with embezzlement and defrauding the United States government in connection with work in the improvement of Savannah harbor. It was estimated that the three men indicted made an illicit profit between them of $2,000,000 on the contract. Gaynor and Green were arrested in New York and arraigned before U. S. Commissioner Shields. He decided that they would have to go back to Georgia and plead to the indictments fouud against them. Both men then disappeared, being subsequently located in Canada. They had forfeited their bail of $40,000 each. Efforts were made to extradite them, but before these negotiations were completed the two went to Quebec. They were kidnapped and brought back to Montreal and placed in prison. A writ of habeas corpus was secured and they were freed from the Montreal jail and returned to Quebec. Since then both men have been living in Quebec. Their homes are magnificently furnished. Recently the two men had a falling out over a practical joke which Col. Gaynor played on his friend, at the Chateau Frantenac, where Gaynor is a well known figure in the cafe. The Gaynors have been snubbed by Quebec society. They have been introduced to a number of people but have received no social distinctions. Mr. Greene and his wife, while living in elegance, have kept much to themselves. They go out little, finding their main pleasure in their home.

### Must Give up Money.

New York, Feb. 8.—Justice Leventritt, in the Supreme Court, yesterday handed down a decision in the Platt-Elias suit, in which John R. Platt seeks to impress a trust on realty purchased from $685,000 given by him to Hannah Elias. The court directs Hannah Elias, Sheppard Knapp, Sheppard Knapp & Co., Patrick W. Dugan and the Metropolitan Safe Deposit Company to turn over to Gilbert H. Montague, the receiver appointed by the court, all property of Hannah Elias within ten days. Should this order not be obeyed, application may be made to have the various persons and corporations mentioned punished for contempt. Judge Leventritt says this applies primarily to Hannah Elias.

### War in the East.

Tokio, Feb. 8.—An official despatch from the front states that the Russian artillery were active on Monday. The Japanese repulsed small attacks by the Russian infantry on that day. On Monday night the Russians were entrenching being especially active at Chenchiepao and Zekotai.

London, Feb. 8.—A dispatch received this morning reports the capture of the British collier Extry by the Japanese.

### Want Spanish Soldiers Ransomed.

Madrid, Feb. 8.—The Spanish consul General at Manila reports that about 150 Spanish soldiers, who were taken prisoners before the American occupation of the Philippines, are still held by the Tagala tribe. This report was brought up before the Cabinet yesterday, and an order was sent the Spanish Minister at Washington to ask the American government to arrange for the ransom of these soldiers as soon as possible.

### Wants Remains Cremated.

Rome, Feb. 8.—General Ricciotti Garibaldi, the son of the former Italian patriot, today made an appeal in the chamber that respect be paid to his father's mandate that his body be cremated. The remains are now entombed at Caprera, whither annual pilgrimages are held in veneration of the patriot. General Garibaldi says this is a mistake and the family does not want this form reverence continued.

### King Oscar Abdicates.

Stockholm, Sweden, Feb. 8.—King Oscar has temporarily abdicated in favor of his son the Crown Prince Gustav. The King is too ill to transact state business and has accordingly handed control of the government to the Crown Prince until further notice.

### New York Stock Market.

New York, Feb. 8.—Strength and activity characterized the stock market this morning. The character of the news was favorable, although features of novelty were presented. Strong foreign security markets increased faith in the approach of peace between Russia and Japan, and an easier tone in the international money markets were the instructive factors. The bond market holds strong.

### Double Suicide in Washington.

As was stated in the Gazette, Theodore Fisher, a bartender, and Estelle Yates, a young married woman, were found dead in a room at the house in which they boarded in Washington yesterday. Both had been shot. Captain Boardman, chief of the detective bureau, said last night that the police had concluded after investigating the facts in the case that the tragedy was a case of suicide and murder. They believed, he said, that the woman, who was of a jealous disposition, had shot the man, and then after realizing what she had done had killed herself. Fisher was 35 years old and Mrs. Yates was 10 years younger. She had been separated from her husband, a blacksmith, for two years. The condition of the furniture in the room gave indications of a struggle. Fisher's revolver was found on the floor back of the woman's body, and the police are somewhat puzzled as to how either of the two could have thrown it there. The police say it is possible the double tragedy occurred Friday night after Fisher returned to the house from his work, and that the affair was the culmination of a quarrel caused by Fisher's jealousy.

Anthony Tysowski, millionaire resident of Washington, D. C., and Mary Shuler, widow of the late Oscar [illegible], were married this morning at the home of the bride in Lumberton, N. J.

## Fifty-Eighth Congress.

Washington, Feb. 8.

SENATE.

In the Senate today Mr. Daniel introduced a resoultion directing the Secretary of the Treasury to report whether the Act of Aug. 28, 1894, has been construed by the Department, "to apply only and as a personal privilege to such farmers and growers of tobacco who sell in person and not by agent or employe 'leaf tobacco of their own growth, and raising,' or to those who deliver the same by their own hand and not by an agent or employe."

Upon objection of Mr. Lodge immediate consideration was refused.

A bill was passed providing for medals of honor to army and navy officers.

The Senate then, at one o'clock, marched in a body to the House of Representatives to assist in the canvass of the electoral vote.

HOUSE.

When the House met at 11 o'clock this morning in order to further debate the Esch-Townsend railroad rate bill, the galleries were comfortably filled, many persons being present in anticipation of the joint session of the House and Senate at 1 p. m. when the electoral vote will be polled.

Mr. Thayer opened the debate on the railroad rate bill. He said the measure was a democratic proposition and he congratulated President Roosevelt for his activity in the matter of increasing the powers of the interstate commerce commission.

Mr. Shober attacked minority leader Williams and the democrats of the House in general for their caucus support of the Davey bill, which was inadequate, he declared. He said that the democratic minority had lost an opportunity by not declaring its support of President Roosevelt's recommendations in the matter of rate reform.

Mr. Padgett and Mr. Van Duzer supported the general proposition of railroad rate legislation.

Mr. Bartlett supporting the Davey bill attacked the court feature of the Townsend bill, as being unwise and unnecessary.

Mr. Cochran attacking the republicans and especially Representative Heyburn, chairman of the committee on interstate commerce, said that the republicans do not intend that the measure shall ever become a law.

Mr. Burke declared his intention of supporting the bill.

Mr. Esch said that the legislation is badly needed, and of greatest importance. To offset the cry of several members that the railroads will be ruined by the proposed legislation, he quoted the reports of the stock markets showing that railroad stocks had gone up since the House began consideration of the bill.

Mr. Grosvenor advocating the passage of the bill, said that the democrats, now fighting the Townsend bill, would be voting for it tomorrow afternoon. When he concluded, the committee arose and the House prepared to receive the Senate to go into joint session for the counting of the electoral vote.

Mrs. Roosevelt, Miss Alice Roosevelt and Theodore jr. just before one o'clock, entered the executive gallery, and attracted the attention of the packed galleries, and of the members on the floor.

### TELEGRAPHIC BREVITIES.

Miss Henrietta Johnson died at Kingston, Jamaica, today at the age of 107 years. She was born in Baltimore, and reared by a wealthy American family named Cator, three of whose daughters have married English noblemen.

The jury in the Lee-McNally breech of promise case, in which Miss Charlotte Helen Bates McNally, a chorus girl sought to recover $30,000 from Robert Emmons Lee, son of a wealthy Boston publisher, returned a verdict this morning for the defendant.

W. Griffin Gibbale, of Philadelphia, attempted suicide this morning in his room at the Hotel Astor, in New York. Gibbale is 25 years old, and claims to be a student of the Ogontz College, Philadelphia. He was taken to Roosevelt Hospital suffering from the effects of a drug.

In the rear end collision on the Erie Railroad at Otisville, N. J., last night, a conductor and a brakeman were roasted to death in the wreck of the caboose, which was set on fire by an overturned stove. Another trainman was severely injured, but will recover.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### Deaths.

Mrs. Martha E. Jenkins, an old and much esteemed resident, died at her home on north Fairfax street at an early hour this morning. The deceased was in her 77th year. She was the widow of B. H. Jenkins. Her maiden name was Martha E. Arnold, and old citizens will remember her father, whose occupation was in connection with the Ladd flour mill (now Globe Mills) and the Jamieson bakery. Mrs. Jenkins had witnessed many thrilling scenes in Alexandria's history. While in her teens she watched the departure of the military companies of this city for Mexico and was prominent among those who greeted them upon their return. An Alexandrian to the manner born, she shared the joys and sorrows of her beloved city throughout her earthly pilgrimage which extended beyond the three-score and ten mark, and has entered into rest beloved by all who ever knew her.

Mr. R. W. Gaillard, who had recently been critically ill, died at his home on south St. Asaph street at an early hour this morning. The deceased was 75 years old. He leaves a widow. Mr. Gaillard had for a long time suffered from a chronic complaint. He was a native of Edgefield, S. C., where he engaged in agricultural pursuits up to the beginning of the civil war when he enlisted in a South Carolina regiment and followed the fortunes of the Confederacy until the final surrender of in 1865, at which time he had become a quartermaster captain. About a third of a century ago he purchased a farm in the neighborhood of Franconia, Fairfax county, which he operated up to about a year ago, when he removed to this city. During Mr. Gaillard's residence in Fairfax and Alexandria he made many acquaintances and formed lasting friendships. His death, therefore, is sincerely regretted. Pleasant in demeanor and companionable by nature, those most intimate with him will mourn the loss of a genial friend. Mr. Gaillard had long been a member of R. E. Lee Camp of Confederate Veterans. His remains will be taken to his old home in South Carolina for interment.

Joseph Roberts, who had recently been critically ill at the Alexandria Hospital, died at that institution last night. The deceased had been suffering from pleuro-pneumonia. Young Roberts, it will be remembered, was found in the yard adjoining a house near Duke and Henry streets last Christmas Day with a bullet in one of his legs, he having been shot in a mysterious manner. The deceased was a member of the order of Eagles of this city.

Mr. Robert Smith, son of the late James and Mary Smith, of this city, died in Washington yesterday. The remains will be interred in this city.

Mrs. Sophie Pettit, wife of Mr. Joseph Pettit, died at Mount Ida, near Del Ray, yesterday. The deceased was 55 years old. A few days ago, it will be remembered, Mrs. Pettit, who was an invalid, was carried from a burning building on the Dulany estate, Seminary Hill.

### Corporation Court.

Thos. N. Hewett vs. E. L. Rodier; final decree.

City Council vs. Mamie Fields; same vs. Sarah E. Simms; same vs. Thos. F. Barrett, and same vs. Oliver Webster; final decree.

W. A. Smoot, trustee, vs. Ida V. Wise et al.; decree confirming sale to S. J. Irby and appointing Douglass Stuart, commissioner, to convey property.

Oliver Putman vs. Anne Jopling; decree confirming report of Commissioner Taylor.

Lula Grillbortzer vs. W. D. Grillbortzer; decree for divorce, for counsel fees and for alimony of $10 a month.

### Kindergarten.

The regular monthly meeting of the directors of the Alexandria Free Kindergarten met last night at the home of the president, Mrs. Stabler, on north Washington street. The necessity for increasing the amount in the treasury was discussed and other regular business attended to. They acknowledge most gratefully the following contributions: Mrs. Kate Waller Barrett, $10; Mrs. E. J. Evans, Mrs. M. W. O'Brien, Miss Gault Norton, a friend, Miss Fannie Burke, Mr. James Shinn, Miss Mehaffy, Miss Emily Gibson, Carter Bros., Miss Cummings, Mrs. Stewart Jamieson, Mr. C. R. Howell and Mr. F. G. Swaine, $1 each; Rev. and Mrs. Phillips, $2.

### Formation of a Club.

A number of well-known residents of this city purpose to establish a social club. "The Carlyle Club" has been decided upon as a name for the organization and it is said that options have been secured on several pieces of property in the city that are suitable for club purposes. Mr. T. C. Smith, cashier of the Alexandria National Bank, has been appointed temporary treasurer, and nine prominent gentlemen have signified their willingness to serve on the board of governors. It is expected that the club will start with over 100 members.

### Negroes in a Fight.

Two colored individuals engaged in a brutal fight near the intersection of Duke and Henry streets about 3 o'clock yesterday afternoon. During the encounter one of the combatants knocked his antagonist down with a heavy stick, dealing him a heavy blow on the head. An attempt, it is said, was made by one of the belligerents to use a knife. The encounter caused considerable excitement in the vicinity. The darkeys, however, fought till they grew tired, no one attempting to stop the mill.

### Preparing for Twenty-Second

The Friendship Veteran Firemen's Association will meet tomorrow evening and complete arrangements for the commemoration of the birth of George Washington, on the twenty-second instant. The celebration as arranged by the Washington Birthday Association, and the Friendship Association insures a fitting [illegible] this year.

### Ordered to Close Business.

Several weeks ago, it will be remembered, the safe in the office of the Virginia Trust and Savings Corporation, of which Mr. L. G. Smith is president and treasurer, was sealed by order of the State Corporation Commission. Later the safe was opened and the concern continued business. Today, however, Mr. S. G. Brent, Commonwealth's Attorney, received the following order from the Corporation Commission, which directs the association to cease transacting business and that the books, &c., be turned over to a receiver. The following is the order:

State Corporation Commission,
Richmond, Va., 4th February, 1905.

In the matter of the Virginia Trust and Savings Corporation:

It having been deemed necessary, in the judgment of the State Corporation Commission, that, for the protection of the public, some competent person should be appointed to make a special examination in person into the condition of the Virginia Trust and Savings Corporation, doing a banking business in the City of Alexandria, and report the same to the commission, in accordance with the provisions of section 1169 of the Code of Virginia as amended by an act appearing on page 908 of the Acts of the General Assembly of Virginia, 1902-3-4; the commission appointed W. W. Barrow to make said examination. And the said Barrow having made his report to the commission, and the same having been considered by the commission, it is now stated of record by the commission that, in its judgment, it is necessary, for the protection of the public and of the depositors and creditors of the said Virginia Trust and Savings Corporation, that it should cease doing business, and that a receiver should be appointed by a court of competent jurisdiction to take charge of its business, affairs and assets, and wind up the same.

And it is ordered that a certified copy of this order be transmitted to the Commonwealth's Attorney for the City of Alexandria, in order that appropriate action may be taken by him in the name of the Commonwealth of Virginia, upon the application of, or at the relation of, the State Corporation Commission.

A true copy—attest:

JOHN A. UPSHUR, Clerk.

### Personal.

Mr. Wm. H. Yeatman still continues sick with the grip at his home, 103 north Patrick street.

Rev. J. P. Stump is still confined to his home with a severe cold. He was expected to make an address in Winchester today in the exercises incident to the dedication of the new Sunday School House of the Braddock Street M. E. Church South in that city.

The Junior Euchre Club was prettily entertained last night by Misses Lucy Douglas and Elsie Snowden at the former's home on Cameron street. The prizes were won by Miss Mary Bentley, of Sandy Spring, Md., and Miss Shriver, of Westminster.

Capt. H. C. Ansley and family left today for Palm Beach, Fla., to spend a week or so.

Mr. Courtland Lukens, of Fairfax county, is confined to his home with grip.

Miss Hilda Shriver, of Westminster, is visiting Miss Nanny Jones.

Mr. C. M. Cuvillier, who has recently been suffering from fever in Panama, is convalescing.

### A Trunk Mystery.

A day or two ago a large trunk was sent from New York to Orange via the Southern Railway and was duly delivered at that point. No one, it is said, called for it and it remained at the station until early last night when a stench emanated from the receptacle which became unbearable. The trunk was lariated with ropes, and no one in the depot was disposed to open it. It was therefore suggested that the county coroner be summoned. People who brought this much of the story to this city boarded a north bound train which stopped at Orange before the coroner arrived; hence they are ignorant of the contents of the trunk. The railroad officials at the depot in this city were unable to give any information concerning the matter when interviewed this morning.

### Maryland Finance Corporation.

The Maryland Finance Corporation, recently incorporated under the laws of Virginia, was organized in this city this evening. The incorporators are Messrs. Alexander Brown, Douglas H. Thomas, Douglas H. Gordon, Waldo Newcomer, Ernest Hoen and B. Howell Griswold, of Baltimore. Mr. Brown was made president of the company. The corporation is capitalized at $500,000. The corporation will take the Maryland Trust Company out of the receiver's hands. The meeting at which the corporation was organized was held in the handsome new banking house of Messrs. Burke & Herbert.

### Funeral.

The funeral of Mrs. Evelina Prosser Morgan, whose death occurred Monday at the home of her son, Dr. Edwin Lee Morgan, in Washington, took place from St. Paul's Church in that city this morning. The services were conducted by the rector, Rev. Dr. Harding, assisted by Rev. S. A. Wallis, of the Theological Seminary, near this city. A large number of relatives and friends were present at the service, including several from this city. The interment was private, being in the family lot at the Congressional Cemetery. Mrs. Morgan was a daughter of the late Col. Richard Bland Lee, of this city, and a sister of Mrs. Myra Lee Civalier and Mr. Robert F. Lee, of this city, and the widow of Edwin Cecil Morgan, of Washington. The deceased resided in Alexandria for several years and had a large circle of friends here.

### Killed by a Train.

Robert Cox, a well-known citizen of Vienna, Fairfax county was struck while attempting to cross the track by a westbound passenger train of the Southern Railway near that town yesterday morning and fatally injured. He was badly mangled and remained unconscious until his death at 12 o'clock this morning. Cox was forty years old, a printer by trade, and is survived by his widow and two daughters.

**Fiendish Suffering**

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at E. S. Leadbeater & Sons' drug store; guaranteed.

**The Sunshine of Spring.**

The Salve that cures without a scar is DeWitt's Witch Hazel Salve. Cuts, Burns, Boils, Bruises and piles disappear before the use of this salve as snow before the sunshine of spring. Miss H. M. Middleton, Thebes, Ill. says; "I was seriously afflicted with a fever sore that was very painful. DeWitt's Witch Hazel Salve cured me in less than a week." Get the genuine. Sold by all druggists.

There was but one case for trial in the Police Court this morning. It was in the nature of a family jar which Justice Caton, very properly, dismissed.

With the aid of a piece of smoked glass the big spots on the sun can be plainly seen—that is if the sun will shine long enough again to be seen.

The committee on public property at their meeting last night decided to ask Council for an appropriation of $1,000 for dredging and repairs at the fish wharf.

The horse attached to a mail wagon belonging to Mr. James Patterson had one of its legs seriously injured yesterday evening by getting its hoof wedged in the railway track at Cameron and Henry streets.

As heretofore stated a meeting will be held at the Del Ray schoolhouse, in the county, tonight, to urge the Washington Southern Railway Company to construct a wider highway bridge than the one proposed near that place.

The new electric line from Washington to Fairfax is largely patronized, despite the unpleasant weather. Quite a number from Fairfax go in every day, and frequent theatre parties are made up, returning about midnight.

The young man named Drowns, who was locked up at Manassas on Monday charged with being with the men who robbed the bank at that place, has been released upon his personal recognizance to appear in the Prince William Court when wanted.

### TO SUE SENATOR PLATT.

Miss Mae C. Wood, formerly of Washington, has retained O'Flaherty & Fulton, of Richmond and Front Royal, to represent her in a suit which she intends to bring against Hon. Thomas C. Platt, senior Senator from New York, for alleged breach of promise of marriage.

It is further stated that Miss Wood expects to institute suit against certain New York lawyers, and possibly against some government officials, names not given, alleging conspiracy when threats of suit against Mr. Platt were made by her some time ago on the occasion of the announcement of his engagement to a lady other than herself.

Messrs. O'Flaherty & Fulton have in their possession a number of documents bearing on the case in the shape of letters to Miss Wood, alleged to have been written by Senator Platt and signed "T. C. Platt," "T. C. P." or simply "P." They are said to be full of terms of the most endearing kind. They are also said to have evidence of many gifts from Senator Ptatt to Miss Wood.

While the local firm of lawyers is not in a position to discuss the case, it is known that they have been in communication with counsel for Mr. Platt and that they have also received a letter from him.

The contemplated suit for conspiracy against New York lawyers and government officials is said to be the most sensational feature of the affair. This will probably not be instituted if the contemplated suit against Mr. Platt is not brought, and it is said that there is a likelihood of its being settled out of court.

Discussing the matter yesterday, Mr. O'Flaherty said:

"When the trouble between Miss Wood and Senator Platt was first patched up, it was with the understanding that Miss Wood was to return to her position in the Postoffice Department, but following close upon the settlement she was dismissed.

"I became acquainted with Miss Wood in Washington many years ago. She was received into the best of society. At that time it was known that Mr. Platt was paying her attention. She is an intelligent woman, is a graduate of law and has traveled extensively."

**Prayer Meeting at Children's Home.**

I was much pleased with my visit to the Children's Home last Thursday night. It was organized by the good women of the W. C. T. U., and I wish to say through the Gazette that two much praise cannot be given to those good ladies who through evil and good report have been indefatigable in their efforts to help those who are deprived of the privileges that so many others enjoy. God bless them. It would do your heart good to see how clean and neat everything is and how happy the little ones look. The good women have also organized a Sunday school to try and bring the little ones up in the "admonition and fear of the Lord." The W. C. T. U., under the leadership of Mrs. L. M Tinsley, the president, who is the right woman in the right place, is daily increasing in number and their efforts for good. They are now organizing a night school for those who are deprived of the privilege of attending the day schools. Those who do not attend these prayer meetings, held every Thursday night, cannot imagine what they are missing. The heart to heart talk of Rev. Mr. Carpenter last Thursday night was impressive and we all hope to hear him again soon. He did us all good. Last, but by no means least, was the singing by the dear little children of a motion song, "All for Jesus," composed by that indefatigable worker in the cause of temperance, Mrs. Amy C. Weech. Too much praise cannot be given to Mrs. Barrett, the superintendent, for the manner in which she has brought this little home up to its present improved condition. May God bless these good women and crown their efforts with an abundant success. "Come over into Macedonia and help us." Y

## IMMENSE CAVE FOUND.

A wonderful subterranean excavation, believed to rival the Mammoth Cave of Kentucky, has been discovered in the Canadian northwest, and it is believed to be the largest cave yet found in the world. The cave is near Ravelstoke, within two miles of the Canadian Pacific Railway, in a country which was thought to have been thoroughly explored by those living near.

It has four entrances, and its length is two miles and its width is nearly half a mile. It has a depth in some places of over two thousand feet. It is studded with millions of brilliant crystal and colored stalactite, ranging from colorless, pink, red and brown to purple, which hang from the top and sides in clusters resembling icicles. Beautiful colored columns six inches in diameter reach from floor to ceiling.

The formation is blue limestone, and the cave has probably been formed through the action of water, for far down in the depths of the abyss in the center of the cave can be heard the rushing waters of a mighty subterranean river, whose source or outlet is yet a mystery.

There are evidence that this cave had been inhabited by Indians of an ancient race. Old stone weapons, tools and bones are lying around in odd corners, but they are far from being plentiful. In one of the recesses explored were found the mummified bodies of two human beings, now resembling dried leather. The outlines of the forms are plainly discernible, though apparently shrunken to half their life size.

The discovery of this cave was made by prospectors for coal or gold, and was then partially explored by a party of Canadian engineers, who made measurements. An exploration party is now being formed to systematically traverse the entire cave and gather such information as it may. Inquiry among the native Indians who have lived in that vicinity for generations reveals the fact that the existence of this cave has been unknown to them.

The location of this cave is 120 miles north of the international boundary from the State of Washington, west of the Selkirk range of mountains, and it is thought the subterranean stream may be connected with the Columbia river, which flows past Ravelstoke, two miles distant from the cave.

### Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach; liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked, I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters I obtained relief, and in a short time I was entirely cured." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

### Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. Sold by all druggists.

Bad breath, belching of gas and sour risings are due to Indigestion. Kodol Dyspepsia Cure is a guaranteed cure. L. A. Soper of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the commendations that can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course she only takes it now when any thing disagrees with her." Kodol is the best medicine in the world for Indigestion, Dyspepsia and all stomach troubles. A trial of this greatest of all digestants will convince any who suffers. Good for young or old. Sold by all druggists

### Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. it soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

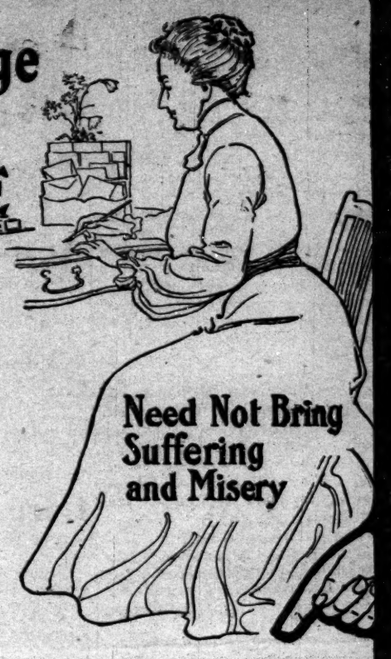
Change of LIFE



Need Not Bring Suffering and Misery

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. I flowed steadily for eleven weeks, and it made me so weak I was in bed for three weeks.

I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

MRS. F. M. MUSHRUSH, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass.
